

Project Giving Tree - Northwest Community Action

312 North Main Street - Badger, MN 56714

218-528-3258 – headstart@nwcaa.org

It's time for Northwest Community Action's annual Giving Tree project. Local businesses provide Christmas trees on which we can place tags requesting gifts for families in need. NWCA staff will assign a code for each child and forward those tags to be placed on the Christmas trees. The child's age, sex, and gift wish are written on the tags. **No names are listed on the tags.** The tags are taken off the trees by people who wish to purchase gifts. They then return the purchased gifts to the place of business where the tag was selected. NWCA staff will make arrangements to deliver the gifts to the families.

If you would like to have your child placed on the Giving Tree this year, please complete this form. Be sure to indicate a Gift Wish for each child valued at \$20-\$30. Please list a specific toy, game, or clothing item with the size specified. **Return this form to NWCA/Head Start staff or the NWCA office or email to headstart@nwcaa.org NO LATER THAN NOVEMBER 20th, 2026.** You will be contacted at the address or phone number listed below when the gifts are ready.

Parent/Guardian Name: _____ Phone: _____
